Build Your Own Unthinkable Record

Which Unthinkable(s) are on your brain's playlist?

Goal: Students will describe the powers of their Unthinkable (s) and how these thoughts invade their flexible thinking.

Prior Teaching: Awareness of how the social world works through the lens of Social Detective. Basic knowledge of the Unthinkable (s) and their powers.

Activity: Begin by having students identify songs that might play in their brains over and over again (baby shark etc.) Use this conversation as a kickoff to think about Unthinkable thoughts that might happen in their brain. Listen to the Superflex My Hero Inside soundtrack. Have students stop and **decide** which Unthinkable thoughts try to overpower their super flexible thinking. Once students **decide**, have them create their own Unthinkable record.
